PROJECT SHEET

Bruce Highway Safety Upgrade – Mailman to Killymoon

Project Overview

SGPS has been engaged to Project Manage the development of Options Analysis, Business Case, and Detailed Design and TIC-CO Contract documents for the Mailman Rd to Killymoon Creek Project. The \$49.7Mil Project is funded from multiple sources all related to the Bruce Highway Safety Upgrade Program, targeting cost effective solutions for safety improvements to high-risk locations. The 14km project includes an upgrade of the existing highway, with provision of 7.3km of Wide Centre Line Treatment (WCLT), intersections safety upgrades, and three new overtaking lanes. Directly adjacent to the project is the environmental and culturally significant, Cape Bowling Green National Park.
