

# THE ROUNDUP

St. George Project Services  
Our Team... Your Success

Edition 9 - 27 November 2020

## BRENDEN'S BROADCAST

### Jingle Bells!

With Christmas fast approaching the year will be gone before we know it. Things have not slowed down, and we are still seeing several tenders coming to market which is encouraging heading into the new year.

Currently we are awaiting to hear the outcome of the following tender submissions.

- \* TMR TSV Maintenance (Dan's Current Role)
- \* DRFA 2021 Townsville City Council
- \* DRFA 2021 Hinchinbrook Shire Council
- \* LendLease (Elliot Springs PM)
- \* Burdekin River Bridge Maintenance
- \* Mather Street Pump Station Townsville City Council

### Recent Tender success's

- \* Simon Nash and Shaun Hackney have been successful with their respective roles at TMR Mackay
- \* Inchy has commenced some part time works on 3 projects for Townsville City Council
- \* Hinchinbrook Shire Council have requested Bob Hickey to remain with them for an extra month.
- \* Black River Bridge Repairs Townsville City Council— Mil Jayaratne

Please ensure that all leave forms are in by COB Monday 30<sup>th</sup> November 2020 for processing.

In a fortnight we will have the opportunity to catch-up and celebrate the past year and make introductions to new team members. It has certainly been a big year for many reasons and one that we can all be very proud of. I look forward to seeing you all in a couple of weeks or a few drinks and laughs.

Please enjoy your weekend and travel safely to the Christmas Party.

Don't forget to join us for the 2020 St. George Project Services Christmas Party at Peppers Palm Cove, Saturday 12th December, 2020.

## EVERY GROUP PROJECT

Great to see the team sporting their new Trademutt Shirts. With lots of positive comments from the contractors on site at E2G, they are definitely a conversation starter!

## Project Spotlight

### Hechts Road to Easter Creek Safety Upgrade

Warren McEvoy

Warren is currently assisting AECOM with the inspection and surveillance of the Hechts Road to Easter Creek Safety Upgrades Project. This project includes 7.3km of pavement widening between Hechts Road and Easter Creek. The upgrades of four intersections to improve safety and visibility at Catastics Road, Scrubview Road, Jourama Falls Road and Yuruga Road. New north and southbound overtaking lanes between Little Gin Creek and Waterview Creek. Wide centre line treatment to increase distance between oncoming traffic and reduce the risk of head-on collisions, and a new service road parallel to the Bruce Highway to provide safe access to properties.

Congratulations Clint for being awarded The Turtle Award E2G for your collaborative approach onsite and building relationships between HAS and TMR.

## DID YOU KNOW?

The E2G Turtle has a name "Budgial" which is the Aboriginal name for sea turtle from a popular Indigenous story about a turtle, a goanna and a fish. In aboriginal culture the turtle also represents healing, wisdom, spirituality, health, safety, longevity, protection, and fertility (*calm down*).

Josh recently represented SGPS at the IPWEAQ (Institute of Public Works Engineering Australasia, Queensland) Conference in Brisbane. Josh participated in The Great Debate along side Moira Zeilinga (Clear Idea) and Dr Rob Fearon (Qld Water), taking on Seren McKenzie (Southern Downs Regional Council), Trevor Dean (Fraser Coast Regional Council), and Maddy Stahlhut (GHD).

Josh also presented on stage for IPWEAQ at the Excellence Awards Gala Dinner.

Well done Josh!

# MOVEMBER®

**Mike and Josh have joined the HSAJV E2G Turtles to help raise funds and awareness for Movember.**

**Please donate to help their cause in supporting men's health at the link below.**

Mitchell has now farewelled Charters Towers Regional Council where he completed his role as Technical Services Manager. Mitchell was based in Charters Towers for the past 15 months assisting CTRC with TMR projects, Capital and Maintenance Programs and Asset Management. Mitchell has now commenced work on E2G, fulfilling the role of Document Controller.

Well done Clint Andersen on becoming a Mates Connector on the E2G Site. MATES is an integrated industry intervention program that:

**Raises awareness of suicide as a preventable problem**

**Builds stronger and more resilient workers**

**Connects workers to the best available help and support**

**Partners with researchers to inform industry around best mental health practice**

MATES field staff will train workers in the workplace to improve mental health and suicide prevention literacy, increase help seeking and help offering and engage the workforce in creating a mentally healthy workplace. Volunteer Connectors and ASIST workers will be trained to identify, support and connect workers to help and support. Field Officers will support these workplace volunteers to create on-site networks supporting each other and the worksite in preventing suicide and becoming mentally healthier. MATES offer a support line and case management to workers who need help and support. Finally, MATES partner with researchers to inform the industry to affect positive change. To find out more about Mates in Connection go to [mates.org.au](http://mates.org.au).
